EDUCATION

- 2024-2028
RV UNIVERSITY
 - Bachelors in Computer Science
- 2021-2023
JAIN COLLEGE ,JAYANAGAR
 - PERCENTAGE - 90.5

SKILLS

- Statistical analysis with Python
- Report generation
- Spreadsheet analysis
- Mail distribution
- Comfortable with C, Data structures with Python
- Team Management

LANGUAGES

- English (Fluent)
- Hindi(Fluent)
- Kannada(Intermediate)

PROFILE

Dedicated and detail-oriented student at RVU with hands-on experience in statistical analysis with Python, report generation, and spreadsheet analysis. Successfully completed three major projects, including developing a student feedback form, facilitating registration for over 1,500 students in minors courses, and maintaining attendance tracking for academic programs. Proficient in mail distribution and comfortable with C and data structures with Python. Aspiring to leverage analytical skills and technical expertise in a dynamic professional environment.

EXPERIENCE

- INTERNSHIP
 - DATA ANALYSIS
 - Conducted data analysis on Bangalore's weather data spanning 10 years to identify patterns, trends, and anomalies.
 - Preprocessed raw datasets by cleaning, organizing, and transforming data for accurate analysis.
 - Utilized tools such as Python (Pandas, NumPy, Matplotlib, Seaborn) and Excel for data analysis and visualization.
 - Developed and presented visual reports and dashboards to communicate insights effectively to stakeholders.
 - Performed statistical analysis to examine seasonal variations and other meteorological factors.
 - Collaborated with team members to document findings and suggest actionable recommendations based on insights.
